deliveries consisting of prefabricated houses have been collected in Neu Petershain (N 52/A 45) since 15 April 1950. From there they are dispatched to Kovel or Brest Litovsk by special train. This eliminates the wasteful operation of first sending the cars to the former collection point of Magdeburg. Traffic to the new point has been so heavy since 15 April that there have been as many as 250 cars awaiting dispatch on some days. *

* Comment. Neu Petershain is on the Serten-
berg-Cottbus line. The establishment of this
station as a new collection point for repara-
tions deliveries eliminates the economically
unsound movement of cars to Magdeburg prior
to dispatch to the U.S.S.R. Trains from Neu
Petershain run via the border crossing points
of Forst, Guben and Horka/Lehrkirch.
